

Accounting

Program

Accounting

Degree Type

Associate in Science

The Associate in Science degree in Accounting prepares graduates to meet the challenges of today's dynamic business and economic environment. Whether students want to begin a new career or advance in the business world, this degree provides them with a solid foundation in accounting and business practice, along with the skills they need to succeed in industry today.

Flexible: Currently working? Have a crazy, busy life outside of work? We have you covered. Our courses are offered in various modalities and times to suit your schedule. Don't put your life on hold.

Transferrable: This associate degree in accounting can be the start of an affordable and attainable path to a bachelor's degree. Spend two years at WMCC, and then spend two more years at any college or university with whom we have agreements, including Granite State College and Southern New Hampshire University, then spend a lifetime bragging about how smart you are and how much money you saved!

Practical: Learn the skills you need to succeed immediately in a business environment. In addition to acquiring a solid foundation in accounting and business processes, students learn how to navigate the affairs of Human Resources and interpret the intricacies of Business Law. Additionally, they know what it takes to work on and manage a team. By the end of the degree, students will have taken advanced courses in accounting and taxation and will have done an internship to put to practice all they have learned: a perfect recipe for career success.
