Survey of British Literature II introduces students to British literature from the Romantic period up to contemporary British literature. It takes into account elements of fiction (e.g., theme, plot, character, symbol, style) and offers a critical vocabulary to discuss literature. Students read, analyze, and interpret the works of major British authors within this timeframe. They read closely and critically from a literary perspective, as well as for the range of social, historical, political, and cultural perspectives they represent.
