

Counseling

WMCC provides academic and personal-counseling services to all its students. These counseling services, though not a substitute for long-term therapy, assist students in successfully meeting academic goals. Students are encouraged to speak with college staff to identify and eliminate barriers to success. All counseling is confidential. Students may refer themselves for counseling services. The College also makes referrals to appropriate local health and social-service agencies. The College practices early intervention for students experiencing academic difficulties. The College Counselor can be reached at (603) 342-3058.

Online counseling services are also available to students through Kepro. Kepro makes professional counseling available anytime, anywhere, through a computer, tablet, or smartphone. Counselors are licensed, trained, experienced, and accredited psychologists (PhD or PsyD), marriage and family therapists (LMFT), clinical social workers (LCSW or LMSW), and licensed professional counselors (LPC). All of them have either a master's degree or doctoral degree in their field. They have been qualified and certified by their state's professional board after having successfully completed the necessary education, exams, training, and practice. While their expertise and background vary, they all possess at least three years and two thousand hours of hands-on experience. WMCC will not know who is receiving counseling and will not have access to the counseling or other personal data.
